- All participants involved in an agricultural become a member of the "Red" team (Case International) or "Green" (John Deere) team or "Orange" (AGCO) team. In order to generate some healthy competition, the average number of miles submitted by each team will be posted on-line at [www.ajhc.org](http://www.ajhc.org) – May the best tractor win!
- Packet pick up will be during a kick-off event in each community during the week of January 11-15. During this event, participants will be given instructions, starting packets (including mileage logs, and weekly Fruit and Vegetable contest forms).
- 'Marathoners' will also have the opportunity to learn about exciting new research in healthy eating and weight loss from registered dietitian, Sandra Burwell.
- Free use of the AJ Wellness Center will be offered to all participants, but those using equipment at home are also encouraged to participate.
